

# Chapter 6 — Report Card Comments

## 30 prompts

Twenty-eight comments in one sitting is the job nobody plans for and everybody dreads. These prompts do the drafting so you can do the judging — each comment tied to something you actually recorded, with one next step the student can act on.

### What's in here

| Group                     | Prompts | Use when                         |
|---------------------------|---------|----------------------------------|
| Comment banks             | 8       | Build once, reuse every term     |
| Strengths and next steps  | 8       | The core shape of a good comment |
| Subject-specific comments | 7       | Language that fits the subject   |
| Bulk drafts from evidence | 4       | A whole class in one pass        |
| Tone and rewriting        | 3       | Honest, but survivable to read   |

### Worth knowing before you start

**Use initials or "Student A".** These comments end up in a permanent record; the drafting should not put a name into an AI tool.

Give it your real evidence — scores, dates, observations you wrote down. A comment built on nothing reads like it was built on nothing.

Do not let it invent a strength to balance the structure. A manufactured compliment is the fastest way for a family to stop trusting the rest.

Vary the openings. Twenty-eight comments that all begin the same way are immediately recognisable as generated, and parents compare.

## Every prompt in this chapter

### Comment Banks

| ID     | Prompt                                                                 | Grades         |
|--------|------------------------------------------------------------------------|----------------|
| RC-001 | Build an evidence-safe comment bank                                    | All            |
| RC-004 | Create comment starters for four levels of demonstrated mastery        | 3-5, 6-8, 9-12 |
| RC-005 | Build modular strength, evidence and next-step sentence parts          | 3-5, 6-8, 9-12 |
| RC-006 | Create a comment bank that avoids fixed-ability labels                 | 3-5, 6-8, 9-12 |
| RC-007 | Write concise comments within a strict character limit                 | 3-5, 6-8, 9-12 |
| RC-008 | Create neutral pronoun variants without changing the evidence          | 3-5, 6-8, 9-12 |
| RC-009 | Build a comment bank with visible placeholders for supporting evidence | 3-5, 6-8, 9-12 |
| RC-010 | Audit a comment bank for repetition, vagueness and invented claims     | 3-5, 6-8, 9-12 |

### Strengths And Next Steps

| ID     | Prompt                                       | Grades |
|--------|----------------------------------------------|--------|
| RC-002 | Turn evidence into a balanced report comment | All    |

|        |                                                                  |                |
|--------|------------------------------------------------------------------|----------------|
| RC-011 | Write a strength statement tied to a specific learning objective | 3-5, 6-8, 9-12 |
| RC-012 | Convert an error pattern into one achievable next step           | 3-5, 6-8, 9-12 |
| RC-013 | Build a balanced comment from assessment and classroom evidence  | 3-5, 6-8, 9-12 |
| RC-014 | Write a comment when evidence is limited or inconsistent         | 3-5, 6-8, 9-12 |
| RC-015 | Create a learner-friendly next step that families can understand | 3-5, 6-8, 9-12 |
| RC-016 | Add an instructional strategy without promising a future result  | 3-5, 6-8, 9-12 |
| RC-017 | Audit a report comment using a sentence-by-sentence fact trace   | 3-5, 6-8, 9-12 |

## Tone And Rewriting

| ID     | Prompt                                                           | Grades         |
|--------|------------------------------------------------------------------|----------------|
| RC-003 | Rewrite a comment for clarity and fairness                       | All            |
| RC-029 | Replace harsh or vague judgments with verified learning evidence | 3-5, 6-8, 9-12 |
| RC-030 | Shorten a report comment without removing the material concern   | 3-5, 6-8, 9-12 |

## Subject Specific Comments

| ID     | Prompt                                                                    | Grades         |
|--------|---------------------------------------------------------------------------|----------------|
| RC-018 | Write a mathematics comment about concepts, procedures and reasoning      | 3-5, 6-8, 9-12 |
| RC-019 | Write a science comment about investigation, evidence and explanation     | 3-5, 6-8, 9-12 |
| RC-020 | Write an English language arts comment about reading and writing evidence | 3-5, 6-8, 9-12 |

|        |                                                                      |                |
|--------|----------------------------------------------------------------------|----------------|
| RC-021 | Write a social studies comment about sources, claims and perspective | 3-5, 6-8, 9-12 |
| RC-022 | Write an arts comment about process, technique and reflection        | 3-5, 6-8, 9-12 |
| RC-023 | Write a physical education comment using observable skill evidence   | 3-5, 6-8, 9-12 |
| RC-024 | Audit subject-specific terminology for accuracy and family clarity   | 3-5, 6-8, 9-12 |

### Bulk Drafts From Fictional Evidence

| ID     | Prompt                                                                       | Grades         |
|--------|------------------------------------------------------------------------------|----------------|
| RC-025 | Create distinct comment drafts from a fictional evidence table               | 3-5, 6-8, 9-12 |
| RC-026 | Generate bulk comments without mixing one learner's evidence with another    | 3-5, 6-8, 9-12 |
| RC-027 | Vary sentence structure while preserving every supplied fact                 | 3-5, 6-8, 9-12 |
| RC-028 | Audit a bulk comment set for duplicates, contradictions and evidence leakage | 3-5, 6-8, 9-12 |

### RC-001 · Build an evidence-safe comment bank

All grades · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to build an evidence-safe comment bank.

## COPY FROM HERE

Build an evidence-safe comment bank.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [APPROVED\_CRITERIA: supply verified information; do not leave blank]
- [BANK\_SIZE: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Create evidence-required comment frames with next-step slots. Mark every invented illustration as fictional and never prefill real learner claims.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

## TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

**Example** — an editorial illustration, not a logged AI run

Template A: [LEARNER] demonstrates [SPECIFIC\_SKILL], as shown by [VERIFIED\_EVIDENCE]. A next step is [ACTION]. Template B: In [TASK\_WINDOW], [LEARNER] showed [OBSERVED\_PROGRESS]. Continued practice with [TARGET] will be supported through [PLANNED\_STRATEGY]. These are selection frames, not ready-to-send comments. Keep evidence slots unresolved until supported; do not insert generic praise to make a template sound complete.

---

## RC-002 · Turn evidence into a balanced report comment

All grades · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

You have assessment evidence and need a concise, defensible comment.

#### COPY FROM HERE

Turn evidence into a balanced report comment.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [ONE\_RECORD: supply verified information; do not leave blank]
- [LEARNING\_EVIDENCE: supply verified information; do not leave blank]
- [LENGTH: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Draft one balanced comment and map each factual clause to that record. Do not manufacture a strength to satisfy a formula.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

#### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

**Example** — an editorial illustration, not a logged AI run

[LEARNER] solved eight of ten one- and two-step equation items correctly and showed inverse operations in the working. A next step is to check calculations involving negative numbers by substituting the answer into the original equation. Evidence trace: accuracy

count and inverse-operation statement both come from the supplied record. No claim about effort or future improvement is added.

---

## RC-003 · Rewrite a comment for clarity and fairness

All grades · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

A draft comment may be vague, harsh or unsupported.

### COPY FROM HERE

Rewrite a comment for clarity and fairness.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [EXISTING\_COMMENT: supply verified information; do not leave blank]
- [VERIFIED\_EVIDENCE: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Improve clarity and fairness without changing the factual meaning. Flag claims lacking evidence instead of replacing them with invented positives.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

**Example** — an editorial illustration, not a logged AI run

Revised: [LEARNER] correctly compared two of five unlike-fraction pairs in this task. The next step is to use equal-whole models to explain comparisons before checking with a common denominator. Removed: lazy and bad at fractions because they judge character and broad ability. The suggested instructional support is a proposal, not evidence that it has already worked.

---

## RC-004 · Create comment starters for four levels of demonstrated mastery

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to create comment starters for four levels of demonstrated mastery.

### COPY FROM HERE

Create comment starters for four levels of demonstrated mastery.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [LOCAL\_MASTERY\_LEVELS: supply verified information; do not leave blank]
- [CRITERIA: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Write level-specific starters describing demonstrated evidence. Leave learner-specific evidence blank and preserve local terminology.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

**Example** — an editorial illustration, not a logged AI run

Secure: [LEARNER] supports [CLAIM] with [VERIFIED\_RELEVANT\_DETAILS] and explains the links. Developing: [EVIDENCE] shows relevant details with an incomplete connection. Beginning: [EVIDENCE] shows recognition of a claim; selecting relevant support is the next step. Insufficient evidence: Current records do not yet support a judgment on [TARGET]. Fill only the matching frame; do not imply these categories are universal grading policy.

---

### RC-005 · Build modular strength, evidence and next-step sentence parts

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to build modular strength, evidence and next-step sentence parts.

COPY FROM HERE

Build modular strength, evidence and next-step sentence parts.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [STRENGTHS: supply verified information; do not leave blank]
- [NEXT\_STEP\_OPTIONS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Build compatible modular sentence parts and explain how to combine them.  
Warn against combinations that contradict the evidence.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

TO HERE

BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

**Example** — an editorial illustration, not a logged AI run

Strength part: [LEARNER] explains [SPECIFIC\_REASONING\_MOVE]. Evidence part: This is shown in [TASK\_AND\_OBSERVATION]. Next-step part: A useful next step is [ACTION\_MATCHED\_TO\_ERROR]. Compatibility rule: an evidence phrase about accurate calculation cannot alone support a claim about clear explanation. Reject a combination that contradicts the record; varied wording is less important than accurate meaning.

---

## RC-006 · Create a comment bank that avoids fixed-ability labels

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to create a comment bank that avoids fixed-ability labels.

#### COPY FROM HERE

Create a comment bank that avoids fixed-ability labels.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [COMMENT\_BANK: supply verified information; do not leave blank]
- [PROHIBITED\_LABELS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Replace fixed-ability and personality labels with observable learning.  
Keep uncertainty visible when no evidence supports a replacement.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

#### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

**Example** — an editorial illustration, not a logged AI run

Replace each label with an evidence-required frame: demonstrates [SPECIFIC\_SKILL] in [TASK]; is developing [TARGET] based on [OBSERVATION]; used [OBSERVED\_TECHNIQUE] in [ART\_PROCESS]. Do not automatically convert an

unsupported negative into an unsupported positive. Until evidence is supplied these remain templates, not actual report comments.

---

## RC-007 · Write concise comments within a strict character limit

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write concise comments within a strict character limit.

### COPY FROM HERE

Write concise comments within a strict character limit.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [COMMENT: supply verified information; do not leave blank]
- [CHARACTER\_LIMIT: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Shorten to the exact limit while preserving concern and next step. Include a character count and verify it locally before use.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

## RC-008 · Create neutral pronoun variants without changing the evidence

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to create neutral pronoun variants without changing the evidence.

### COPY FROM HERE

Create neutral pronoun variants without changing the evidence.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [COMMENT: supply verified information; do not leave blank]
- [CONFIRMED\_PRONOUN\_FORM: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Use only the supplied pronoun form or neutral name placeholders. Do not guess gender from names or change achievement evidence.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

## RC-009 · Build a comment bank with visible placeholders for supporting evidence

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to build a comment bank with visible placeholders for supporting evidence.

### COPY FROM HERE

Build a comment bank with visible placeholders for supporting evidence.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [OBJECTIVE: supply verified information; do not leave blank]
- [EVIDENCE\_FIELDS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Create templates with explicit evidence, date-window and next-step slots.  
Block export while required factual slots remain empty.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-010 · Audit a comment bank for repetition, vagueness and invented claims

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to audit a comment bank for repetition, vagueness and invented claims.

### COPY FROM HERE

Audit a comment bank for repetition, vagueness and invented claims.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [COMMENT\_BANK: supply verified information; do not leave blank]
- [REQUIRED\_CRITERIA: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Identify duplicate meaning, vague praise and invented claims. Keep a smaller differentiated set with clear selection rules.

Output:

Return an issue table with location, evidence, severity and smallest correction; then the corrected artifact and unresolved decisions.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

## RC-011 · Write a strength statement tied to a specific learning objective

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write a strength statement tied to a specific learning objective.

### COPY FROM HERE

Write a strength statement tied to a specific learning objective.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [OBJECTIVE: supply verified information; do not leave blank]
- [OBSERVED\_SUCCESS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Write a precise strength sentence tied to that objective. Do not infer broad mastery from a single successful item.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-012 · Convert an error pattern into one achievable next step

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to convert an error pattern into one achievable next step.

### COPY FROM HERE

Convert an error pattern into one achievable next step.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [ERROR\_PATTERN: supply verified information; do not leave blank]
- [AVAILABLE\_SUPPORT: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Translate the error into one achievable instructional next step. Avoid blaming effort or assigning home teaching duties.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-013 · Build a balanced comment from assessment and classroom evidence

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to build a balanced comment from assessment and classroom evidence.

### COPY FROM HERE

Build a balanced comment from assessment and classroom evidence.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [ASSESSMENT\_EVIDENCE: supply verified information; do not leave blank]
- [CLASSROOM\_EVIDENCE: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Reconcile evidence sources explicitly and flag contradictions. Do not average conflicting observations into an unsupported confident statement.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-014 · Write a comment when evidence is limited or inconsistent

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write a comment when evidence is limited or inconsistent.

### COPY FROM HERE

Write a comment when evidence is limited or inconsistent.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [LIMITED\_RECORD: supply verified information; do not leave blank]
- [REPORT\_POLICY: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

State what is known and the evidence limitation respectfully. Do not invent results or use absence of evidence as evidence of low ability.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-015 · Create a learner-friendly next step that families can understand

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to create a learner-friendly next step that families can understand.

### COPY FROM HERE

Create a learner-friendly next step that families can understand.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [TECHNICAL\_NEXT\_STEP: supply verified information; do not leave blank]
- [FAMILY\_LANGUAGE: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Explain one actionable learning move in plain language. Keep the action realistic without requiring family subject expertise.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.

- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-016 · Add an instructional strategy without promising a future result

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to add an instructional strategy without promising a future result.

### COPY FROM HERE

Add an instructional strategy without promising a future result.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [CURRENT\_NEED: supply verified information; do not leave blank]
- [PLANNED\_STRATEGY: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Describe the proposed support as a plan, not a guarantee. Distinguish school action from optional home encouragement.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

## RC-017 · Audit a report comment using a sentence-by-sentence fact trace

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to audit a report comment using a sentence-by-sentence fact trace.

### COPY FROM HERE

Audit a report comment using a sentence-by-sentence fact trace.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [COMMENT: supply verified information; do not leave blank]
- [SOURCE\_RECORD: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Return a sentence-by-sentence fact trace, unsupported claims and corrected draft. Verify that no evidence from another learner appears.

Output:

Return an issue table with location, evidence, severity and smallest correction; then the corrected artifact and unresolved decisions.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-018 · Write a mathematics comment about concepts, procedures and reasoning

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write a mathematics comment about concepts, procedures and reasoning.

### COPY FROM HERE

Write a mathematics comment about concepts, procedures and reasoning.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [MATH\_CRITERIA: supply verified information; do not leave blank]
- [VERIFIED\_WORK: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Distinguish concepts, procedures and reasoning in the comment. Refer only to strands supported by the supplied evidence.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
  - [ ] Answers and subject content checked independently; access and local policy preserved.
  - [ ] No identifying or sensitive records were shared; final recipient/content checked locally.
-

## RC-019 · Write a science comment about investigation, evidence and explanation

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write a science comment about investigation, evidence and explanation.

### COPY FROM HERE

Write a science comment about investigation, evidence and explanation.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [SCIENCE\_WORK: supply verified information; do not leave blank]
- [INVESTIGATION\_CRITERIA: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Describe observation, evidence and explanation separately. Never claim safe practical competence without relevant observations.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
  - [ ] Answers and subject content checked independently; access and local policy preserved.
  - [ ] No identifying or sensitive records were shared; final recipient/content checked locally.
-

## RC-020 · Write an English language arts comment about reading and writing evidence

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write an English language arts comment about reading and writing evidence.

### COPY FROM HERE

Write an English language arts comment about reading and writing evidence.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [READING\_EVIDENCE: supply verified information; do not leave blank]
- [WRITING\_EVIDENCE: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Distinguish reading and writing strengths. Do not generalize one text or genre to overall language proficiency.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
  - [ ] Answers and subject content checked independently; access and local policy preserved.
  - [ ] No identifying or sensitive records were shared; final recipient/content checked locally.
-

## RC-021 · Write a social studies comment about sources, claims and perspective

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write a social studies comment about sources, claims and perspective.

### COPY FROM HERE

Write a social studies comment about sources, claims and perspective.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [SOURCE\_ANALYSIS\_WORK: supply verified information; do not leave blank]
- [CRITERIA: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Describe claims, corroboration and perspective using actual work evidence. Avoid judging political agreement as achievement.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
  - [ ] Answers and subject content checked independently; access and local policy preserved.
  - [ ] No identifying or sensitive records were shared; final recipient/content checked locally.
-

## RC-022 · Write an arts comment about process, technique and reflection

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write an arts comment about process, technique and reflection.

### COPY FROM HERE

Write an arts comment about process, technique and reflection.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [ART\_PROCESS\_EVIDENCE: supply verified information; do not leave blank]
- [TECHNIQUE\_CRITERIA: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Describe process, technique and reflection without ranking innate talent or aesthetic taste as a personal trait.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
  - [ ] Answers and subject content checked independently; access and local policy preserved.
  - [ ] No identifying or sensitive records were shared; final recipient/content checked locally.
-

## RC-023 · Write a physical education comment using observable skill evidence

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to write a physical education comment using observable skill evidence.

### COPY FROM HERE

Write a physical education comment using observable skill evidence.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [OBSERVED\_PE\_SKILL: supply verified information; do not leave blank]
- [ACCESS\_ADAPTATIONS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Report taught observable skill and reflection, not body size, health or presumed athletic ability. Preserve approved adapted criteria.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
  - [ ] Answers and subject content checked independently; access and local policy preserved.
  - [ ] No identifying or sensitive records were shared; final recipient/content checked locally.
-

## RC-024 · Audit subject-specific terminology for accuracy and family clarity

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to audit subject-specific terminology for accuracy and family clarity.

### COPY FROM HERE

Audit subject-specific terminology for accuracy and family clarity.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [SUBJECT\_COMMENT: supply verified information; do not leave blank]
- [APPROVED\_TERMS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Check technical correctness and family readability. Define essential terminology instead of substituting misleading simplifications.

Output:

Return an issue table with location, evidence, severity and smallest correction; then the corrected artifact and unresolved decisions.

### TO HERE

### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.

## RC-025 · Create distinct comment drafts from a fictional evidence table

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to create distinct comment drafts from a fictional evidence table.

#### COPY FROM HERE

Create distinct comment drafts from a fictional evidence table.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [SYNTHETIC\_EVIDENCE\_TABLE: supply verified information; do not leave blank]
- [LENGTH\_LIMIT: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Process each fictional row independently and return row IDs with fact traces. Include a deliberately sparse row to test restraint.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

#### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

## RC-026 · Generate bulk comments without mixing one learner's evidence with another

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to generate bulk comments without mixing one learner's evidence with another.

#### COPY FROM HERE

Generate bulk comments without mixing one learner's evidence with another.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [ONE\_DEIDENTIFIED\_RECORD\_AT\_A\_TIME: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Reset context between records and export drafts with local placeholders.  
Reconcile row IDs and prevent merging evidence across learners.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

#### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

---

## RC-027 · Vary sentence structure while preserving every supplied fact

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to vary sentence structure while preserving every supplied fact.

#### COPY FROM HERE

Vary sentence structure while preserving every supplied fact.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [VERIFIED\_COMMENT: supply verified information; do not leave blank]
- [VARIANT\_COUNT: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Vary syntax only; preserve every factual claim and uncertainty. Compare variants against the original evidence clause by clause.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

#### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

## RC-028 · Audit a bulk comment set for duplicates, contradictions and evidence leakage

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to audit a bulk comment set for duplicates, contradictions and evidence leakage.

#### COPY FROM HERE

Audit a bulk comment set for duplicates, contradictions and evidence leakage.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [COMMENT\_SET: supply verified information; do not leave blank]
- [MATCHED\_RECORDS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Check duplicate text, contradictions and cross-record leakage. Hold any draft whose evidence cannot be matched to exactly one record.

Output:

Return an issue table with location, evidence, severity and smallest correction; then the corrected artifact and unresolved decisions.

#### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.
- [ ] Answers and subject content checked independently; access and local policy preserved.
- [ ] No identifying or sensitive records were shared; final recipient/content checked locally.

## RC-029 · Replace harsh or vague judgments with verified learning evidence

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to replace harsh or vague judgments with verified learning evidence.

#### COPY FROM HERE

Replace harsh or vague judgments with verified learning evidence.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [HARSH\_COMMENT: supply verified information; do not leave blank]
- [OBSERVATIONS: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Remove judgments about character or intent. Preserve the concern using supported observations and flag gaps instead of guessing.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

#### TO HERE

#### BEFORE YOU SEND IT

- [ ] Factual claims trace to supplied evidence; proposals and unknowns are labelled.

## RC-030 · Shorten a report comment without removing the material concern

Grades 3-5, 6-8, 9-12 · Any subject

**Handle with care.** Read the safety page before using this one.

#### WHEN YOU NEED THIS

Choose this focused tool when your immediate task is to shorten a report comment without removing the material concern.

#### COPY FROM HERE

Shorten a report comment without removing the material concern.

Required inputs:

- [GRADE\_SUBJECT: exact age/grade and subject]
- [GOAL: the learning or communication purpose]
- [COMMENT: supply verified information; do not leave blank]
- [STRICT\_LIMIT: supply verified information; do not leave blank]
- [CONSTRAINTS: duration, format, resources and approved access requirements; write none only if confirmed]

Specific requirements:

Keep the material concern and actionable next step while shortening.  
Return removed wording and a verified count.

Output:

Return the named artifact with all questions, directions, examples or text needed for the task; put teacher keys and notes separately from student/family-facing text.

#### TO HERE

#### BEFORE YOU SEND IT
